

# Delivery Insurance

"What vehicle insurance cover do I need?"

As a minimum, you are required to have "business use" insurance to cover the use of food delivery and Hire & Reward cover. Additionally, were you to be involved in an incident whilst not adequately insured, your insurance company would not cover the costs incurred.

To keep costs down for you, we have partnered with insurance company "Zego" who offer "Pay Per Drop" insurance, which means you will only be charged when you despatch and order, ensuring you are covered, without breaking the bank! To sign up to Zego, simply follow these steps

- Download their app (Available on iOS & Android)
- Fill out their short application form
- Select GoGetters® as the company you will be working with
- Await them to approve you
- Top up your account
- Start delivering!
